“A Home of Your Own”

Your Home is the most important purchase you will ever make and certainly the one that will affect your comfort, happiness and well being for many years to come.

In considering this fact your selection must be made to provide the greatest possible assurance that your new home will be all you expected it to be. Calvert Ready-Cuts give you this assurance. First quality materials with architecturally engineered proven plans guarantee satisfaction through simplicity of construction and lowers costs.

CAN I BUILD?

You too can build a home of your own with a Calvert Ready - Cut Home. Every step is figured out for you in a complete set of drawings and instructions. Every piece of material in the frame is numbered to correspond with the working plans. No time is lost in sorting materials because the materials are delivered at three different stages of construction and not all at once.
